Q.how did this idea come to me?

A. This idea came to me through Himanshu. I wanted to enhance and polish my skills and potential so i asked him to help me out with a idea on which i can make a project.

Q. What key person do i need for this?

A. Himanshu

   Tanvi

   Prince

Q. Do we need any funding?

A. No not yet. May be in future..

Q. Which languages i will be focusing on?

A. Throughout the making of the product i'll be coding for it thus i'll be focusing on XML and Java.

Q. What is the future of the product?

A. I can't tell it now. But i wish that i be the part of this thing till the end and i do the hard work required and this product turns out to be successful

Q. Do i have clarity in my mind regarding this?

A. Yes i ' m basically doing this thing to know my potential and worth. And i was willing to do something beyond my comfort zone.

Q. Do i have any product design?

A. Yes but the idea actually belonged to Himanshu.

Q. Do i have any time plan for this?

A. I have to complete this till April. So as to be able to submit it as my college project. ;)
